

"Capturing the natural beauty of marble with high performances of porcelain tiles, GANI creates solution for a responsible use of marbles' application. In this meaning we can consider Marble Tiles as a technological evolution of marbles."

GANI MARBLE TILES

Founded in Guangdong, China in 2002, GANI pioneered a new porcelain category—Marble Tiles in 2009. Since its birth, Marble Tiles have been widely recognized by various sectors and customers.

As a kind of building decorating material, GANI MARBLE TILES can be applied almost all floors and walls, in interior and exterior, and also can be used as functional materials in furniture and kitchen and bath's platforms.

The sales network of GANI MARBLE TILES covers more than sixty countries like Italy, France, America, and Australia, with more than five hundreds franchised stores in China and around the world.

VALUE PROPOSITION

□ **Creator of Marble Tile Category**

- √ Advance Technical Innovation
- √ Diversified products ranges
- √ Excel in product performance

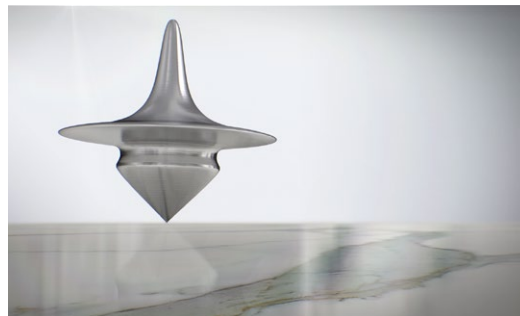

□ **Strong Support System**

- √ Largest specialized R&D/Production base on marble tiles industry
- √ Largest number of patents and proprietary technologies owned in the field
- √ Global sale support and project experience

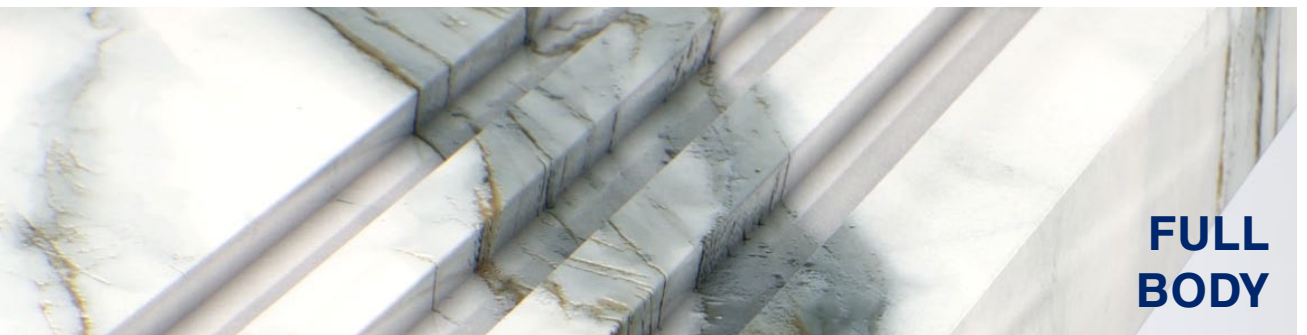

EXCELLENT PRODUCT PERFORMANCE

Chemical Resistant: GLA

Scratch Resistant
MOHS Hardness at 5
